

Annotated Bibliography

Secondary Sources

Brown, Cynthia Stokes. "Jane Goodall." *Khan Academy*, Khan Academy,

<https://www.khanacademy.org/humanities/big-history-project/early-humans/how-ancestors-evolved/a/jane-goodall>.

Khan Academy's "Jane Goodall" article gives an overview of her studies on chimpanzees. I learned about the different techniques she used like naming the individuals rather than give them numbers

"Dame Jane Goodall." *Academy of Achievement*, Academy of Achievement,

<https://achievement.org/achiever/jane-goodall/#biography>.

This source is a biography of Jane Goodall's life. I learned about her inspiration to study animals when she was a child. An example is the time when she was a kid and hid in a henhouse for hours to see where the egg from a chicken came out from.

EB Editors. "Jane Goodall." *Britannica School*, Encyclopedia Britannica, 21 September 2018,

<https://school.eb.com/levels/high/article/Jane-Goodall/37375>.

"Jane Goodall" by Britannica school gave me the inspiration to do my research on her. From this source I learned some general information like her birthday is on April 3, and she did her study in Gombe National Park, Tanzania.

These are different images of Jane Goodall. These helped me make my website more interesting.

The Jane Goodall Institute UK. "Biography." *The Jane Goodall Institute UK*, The Jane Goodall Institute UK, <https://www.janegoodall.org.uk/jane-goodall/biography>.

The Jane Goodall Institute UK, gave me information on what Jane Goodall's goals and projects are. It also taught me about her program "Roots and Shoots".

National Geographic. "Jane Goodall: A History." *National Geographic*, National Geographic Channel, September 2010,

<https://video.nationalgeographic.com/video/00000144-0a34-d3cb-a96c-7b3d061b0000>.

This is a short documentary explaining how

PBS. "Jane Goodall's Story." *PBS*, PBS, 3 March 1996,

<https://www.pbs.org/wnet/nature/jane-goodalls-wild-chimpanzees-jane-goodalls-story/1911/>.

This is a biography of Jane Goodall's life. I learned about Jane's time in Gombe from this source.

Primary Sources

Chris Anderson. "Every day you live, you impact the planet." *TED Talk*, TED Talk, May 2020,

https://www.ted.com/talks/jane_goodall_every_day_you_live_you_impact_the_planet/transcript.

This is a TED Talk that Jane Goodall did. In this she talks about how humans affect the planet and what we can do to save it.

Goldberg, Emily and Kim Woodward. *Jane Goodall: the Hope*. National Geographic, 22 April 2020

This is a documentary about her. From this source I learned about her mission to teach the world about wildlife from this source.

Goodall, Jane. *My Life with the Chimpanzees*. Aladdin Paperbacks, 1988.

This is an autobiography that Jane did. I learned about Jane's research that she did.
